Last revised: September 29, 1999

Clause H.6 - Dear 970.70 Agreements to Perform Non-DOE Activities

- (a) Subject to the prior written approval of the Contracting Officer, and in compliance with applicable requirements imposed by the Contracting Officer pursuant to clause I.110 - Laws, Regulations, and DOE Directives, the Contractor may, through the Laboratory, perform non-DOE activities which are consistent with and complementary to the DOE's mission and the Laboratory's mission under the contract, involving the use of Laboratory equipment, facilities, or personnel. Such proposed work may be for non-Federal entities or other Federal agencies. The request for such approval shall set forth, in detail, the nature of the outside work to be performed, the Laboratory equipment, facilities or personnel required, and the financial and contractual arrangements proposed to pay for the cost of such work. The Contracting Officer shall consider such a request, being guided, among other factors, by the current or future needs of DOE's programs for the equipment, facilities, or personnel to be utilized in the performance of such outside work. Primary considerations in approving such work are that the proposed work will not place the Laboratory in direct competition with domestic non-Federal entities, will not adversely impact execution of the Laboratory's assigned programs, and will not create a potentially detrimental future burden on commitment of DOE resources. If the Contracting Officer approves such a request, the Contractor and DOE shall agree upon the terms and conditions which would apply to such work. This agreement may provide for receipt by the Government of all or part of such sum as represents the payment to be received by the Contractor for such outside work; provided, however, that DOE may contribute the use of certain equipment, facilities, or personnel to the Laboratory for the performance of such outside work if it determines that it desires to foster the activity in some measure. Except as otherwise approved by DOE, all clauses of this contract shall be deemed to be applicable to the performance of such work. This Clause shall not be construed as amending or superseding the requirements of clause C.1, Statement of Work, set forth in Part I, Section C.
- (b) The Contractor shall promptly advise the Contracting Officer of any advance notices of, or solicitations for, a major system acquisition requirement received from other Federal agencies pursuant to FAR 34.005 which would logically involve DOE facilities or resources operated or managed by the Contractor. The Contractor shall not respond to or otherwise propose to participate in response to the requirements of such solicitations unless the Contractor has obtained written approval of the Contracting Officer.
