

Argonne National Laboratory Prime Contract**Appendix L: Spallation Neutron Source (SNS)**

Last revised: September 29, 1999

The Contractor will support the Spallation Neutron Source Project in Oak Ridge, Tennessee, as outlined in the Memorandum of Agreement dated January 16, 1998 and signed by the Directors of the five Laboratories supporting the Spallation Neutron Source Project (hereinafter "MOA"), which MOA is hereby incorporated into the contract as an attachment to this appendix. Any subsequent revisions to the MOA, which are executed by the five Laboratories, will supercede the MOA attached to this appendix upon written notification to the Contractor that said revision has been accepted by the cognizant Contracting Officer for this contract. Should there be any conflict between any provision in the MOA, or revisions accepted thereto, and other provision(s) of this contract, said conflict shall be governed by the clause of this contract entitled, "Order of Precedence".
